

ANOTHER EARTHQUAKE CALAMITY REPORTED

Valparaiso, Chile, Is Badly Damaged
By Terific Earthquake!

MANY SAID TO BE KILLED.

And Like at San Francisco, Fires are
Destroying City.

SPECIAL TO THE DAILY DISPATCH:

New York, 1:55 P. M.—Valparaiso, Chile is reported very badly damaged by earthquake. The report received here is that the situation in Valparaiso may prove as serious as the San Francisco disaster. Practically every building in the city is damaged and fires have broken out in different parts of the city. Many persons are reported killed and injured. One report that reached this city said that portions of Valparaiso were burning all night and that bodies of hundreds of its residents are buried in ruins of buildings.

POURED KEROSENE INTO STOVE.

Mother and Child Fatally Burned at
Madelia, Minn.

Madelia, Minn., Aug. 17.—Mrs. Patrick Osborne, aged forty-seven years, living on a farm six miles southeast of town, was fatally burned while pouring kerosene into a stove from a kerosene can. A two-year-old baby daughter standing nearby was also fatally burned. As a result of the injuries the mother died at 7:30 p. m. and the child at midnight.

Earthquake Causes a Panic.

Buenos Ayres, Aug. 17.—An earthquake shock was felt in the province of Medoza at 9 o'clock Thursday night. Telegraphic communication with Chile has been interrupted as a result. While it is believed that no serious damage was done, a panic prevails among the population.

Finnish Leader Drowned.

London, Aug. 17.—The correspondent at Stockholm of the Morning Post telegraphs that Kock, the leader of the Red Guard of Finland, has been drowned. He was on board a small sailing boat bound for Sweden, which was run down by a Swedish vessel. His body has been recovered.

It Costs Nothing

To find out for a certainty whether or not your heart is affected. One person in four has a weak heart; it may be you. If so, you should know it now, and save serious consequences. If you have short breath, fluttering, palpitation, hungry spells, hot flushes; if you cannot lie on left side; if you have fainting or smothering spells, pain around heart, in side and arms, your heart is weak, and perhaps diseased. Dr. Miles' Heart Cure will relieve you. Try a bottle, and see how quickly your condition will improve.

"About a year ago I wrote to the Miles Medical Co. asking advice, as I was suffering with heart trouble, and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side without suffering. They advised me to try Dr. Miles' Heart Cure and Nervine, which I did with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it. I took about thirteen bottles of the two medicines, and haven't been bothered with my heart since."

MRS. LILLIE THOMAS,
Upper Sandusky, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

POPE'S ENCYCLICAL LETTER.

Discussed by French Minister of Worship and His Supporters.

Paris, Aug. 17.—M. Briand, minister of public worship, received several of his political supporters and discussed with them the situation created by the pope's encyclical letter to the French archbishops and bishops with reference to their attitude toward the law for the separation of church and state. M. Briand denied that the government was disposed to enter upon negotiations with the pope for an understanding based on a modification of the law, which, he declared, must be applied as it stands. M. Briand added that the government believed that the law would be accepted in the end, and he sincerely desired that it should be so on account of the internecine strife which refusal of the clergy to accept the law would entail; but he had also foreseen the possibility of resistance and had taken all necessary steps.

"I do not wish to say more on this subject," the minister concluded, "but perhaps some of those measures will prove a disagreeable surprise to certain parties."

FATAL GAS EXPLOSION.

Two Employees of a Michigan Concern Instantly Killed.

Sault Ste. Marie, Mich., Aug. 17.—Pietro Algonoso, aged twenty-six, and Michael J. Moriarity, fifty-three years of age, employed in the packingroom of the Union Carbide company, were instantly killed by an explosion of gas in the company's plant, caused by water coming in contact with carbide. Several employees had narrow escapes from death.

CANNON IS ENDORSED

ILLINOIS CONGRESSIONAL CON-

VENTION FAVORS SPEAKER
FOR PRESIDENT.

Danville, Ill., Aug. 17.—Joseph G. Cannon, speaker of the national house of representatives, was renominated unanimously for congress by the Republican congressional convention here. He was also endorsed for president in 1908.

The speech which Mr. Cannon delivered to the convention after his nomination by acclamation was in the nature of a reply to Samuel Gompers, president of the American Federation of Labor, in the labor crusade over the anti-injunction bill and leaves no room for doubt as to the nature of the appeal which will be made to the people during the coming congressional campaign for the continuance of the Republican party in power. The keynote sounded by Speaker Cannon was to "stand pat." He stated emphatically that the tariff should be revised only when revision would do more good than harm to the great mass of people.

Speaker Cannon met the labor matter which vexes many districts with characteristic boldness. He scored unmercifully the measure which was introduced in congress with the sanction of President Gompers of the American Federation of Labor and which in substance prohibits the United States courts from issuing injunctions in any case between employer and employe unless necessary to prevent irreparable injury for which there is no adequate remedy at law.

The convention was called to order at 1 o'clock and renominated Speaker Cannon for the eighteenth consecutive time, being the seventeenth nomination by acclamation.

There was the greatest enthusiasm, especially over the candidacy of Mr. Cannon for president. Mr. Cannon had not intended to launch a boom for president at this convention, but the pressure of his supporters was so great as to sweep away his wishes in the matter. Mr. Cannon's supporters in his own district will likely urge the state convention to make similar endorsement. There seems to be little doubt that this will be done.

Further Trouble Feared.

Brownsville, Tex., Aug. 17.—Further trouble is feared here with the negro troops. A citizens' guard of 150 men is stationed along the road between this city and Fort Brown and if the negroes attempt to leave the garrison it is the avowed purpose of the citizens to shoot them down.

VRAGOFF IS ARRESTED

ANOTHER MEMBER OF THE LATE
RUSSIAN PARLIAMENT IS
TAKEN INTO CUSTODY.

AGRARIAN DISORDERS OCCUR

COSSACKS AND PEASANTS CLASH
AND SEVERAL OF THE LAT-
TER ARE WOUNDED.

St. Petersburg, Aug. 17.—Dispatches received here from Penza, the capital of the province of Penza, and located at the junction of the Cura and Volga rivers, report the arrest of another member of the late parliament, M. Vragoff, under circumstances quite as compromising as those in the Onipko case. Vragoff being charged with complicity in the murder of Lieutenant Petroff of the rural police and the wounding of a sergeant of the same force. After the return of Vragoff from St. Petersburg agrarian disorders broke out at the village of Kamenko, in which Petroff, who attempted to quell the disturbances, was killed. Upon the arrival of the governor and military, Deputy Vragoff and the other ringleaders were arrested and sent to Penza and the village priest was removed and confined in the monastery.

Agrarian disorders in another district of the province of Penza led to an encounter between the populace and Cossacks in which one peasant was killed and several were wounded.

The effect of the continued agrarian disorders on the Russian grain yield is shown in the fact that the St. Petersburg bourse reports the purchase of 30,000 bushels of grain in Germany for Russian delivery, the first time in the history of the bourse that such a thing has occurred. It is explained that owing to the enhancement of the price of grain it is cheaper at the coast ports to buy abroad than in the interior.

Conditions are aggravated by transportation conditions, the nature of which is shown by an order of the minister of railways permitting for the first time the loading of grain trains at night.

PITIFUL SCENES AT WARSAW.

People Have Grown Callous With Two
Much Death.

London, Aug. 17.—The Tribune's Warsaw correspondent telegraphs a description of the pitiful scenes witnessed by him after the disturbances Wednesday.

"The hospital surgeons, fatigued by their labors," he says, "were unable to attend to cases, and wounds diagnosed as fatal were left to take their course."

"The scenes in the morgue were horrible. In one I counted thirty-two civilian bodies, all dirty and dressed as they fell."

"The people have grown callous with two much death. I was shocked to hear a young girl laugh heartily at the sight of a woman whose brain pan had been torn off by a bomb."

"In one hospital I saw a youth, who when bayoneted Wednesday feigned death. The soldiers trod over him and his heavy boots crushed his fingers to pulp; but he successfully stood the ordeal. He was carried to the morgue, when it was discovered he was alive. He is now progressing favorably."

"Wednesday night resulted in an orgy of blood in the Jewish quarter. The number of persons clubbed or bayoneted exceeds 300."

BOY THROWS A BOMB.

Explosion Attracts Patrol, Which
Fires Upon Processionists.

Warsaw, Aug. 17.—A boy threw a bomb at 9 o'clock p. m. into a procession which was passing through Cholodna street on its return from a pilgrimage to the shrine of the Holy Virgin at Rokitno, near Warsaw, wounding two of the processionists. The explosion attracted a patrol of infantry, who without warning fired a volley, wounding thirty persons.

A band of revolutionists attacked a government alcohol store and shot and killed a clerk and wounded two other persons. The band tried to rob the cash drawer. A patrol of infantry surrounded the house and the revolutionists fired from the window, but all of them were arrested.

H. F. MICHAEL CO.

DENOUNCES PRESIDENT REYES.

Diego Mendoza Says Colombian President Is a Traitor.

New York, Aug. 17.—The Tribune says there has just been made public an open letter written by Diego Mendoza, recently minister of Colombia at Washington, to a friend in Bogota who is a member of the National assembly, in which, in unmistakable language, the diplomat denounces President Reyes of Colombia as a traitor to his country and accuses him of extreme bad faith.

Never, perhaps, has there been penned such a remarkable and scathing denunciation of the head of a government by a diplomat, nominated by the man he attacked.

Senor Mendoza, who has but recently returned here from London, declared in his letter that President Reyes has, for financial reasons, entered into a secret agreement with President Amador of Panama under which the former department of Colombia assumes a part of the Colombian debt, thereby practically abandoning Colombia's rights on the Isthmus, and this, he says, stamps Reyes as a traitor. He tells also of President Reyes' supposed financial interest in the lighthouse at Colon, and asserts that the president sent to Washington an agent authorized to sell the lighthouse to the United States for \$100,000, for which service he promised the agent a commission of 10 per cent.

FIFTEEN PERSONS KILLED.

Two Terrific Explosions Occurred at
Chihuahua, Mex.

El Paso, Tex., Aug. 17.—A special to the Herald from Chihuahua, Mex., contains the following account of the dynamite explosion there:

Two cars of dynamite were blown to atoms a mile south of the Chihuahua station on the Mexican Central railroad. Two women, two children and eight men, all Mexicans, were killed. A. L. Lewis, an American employed by the Robinson Mining company, was injured. Several steel cars and all buildings in the vicinity of the explosion were demolished. This explosion caused another explosion in the Androscollette factory, two blocks away. In the explosion of this factory three persons were blown to pieces and thirty others were injured. The factory was wrecked. The shocks were felt over the entire city, windows being cracked and plaster loosened in many of the houses.

GARFIELD PARK BANK CLOSED.

Result of the Collapse of the Milwaukee Avenue State Bank.

Chicago, Aug. 17.—The Garfield Park bank, a small institution located at 2024 West Madison street, has been placed in the hands of a receiver by Judge Betha in the United States district court. Three creditors with claims amounting to several thousand dollars filed the petition in court asking that Ellis E.

Drake, president of the institution, as well as the bank, be declared insolvent. The assets of the bank are not given in the petition. The court appointed Henry Helstead receiver, fixing his bond at \$10,000.

The collapse of the Milwaukee Avenue State bank is said to have caused the doors of the smaller institution to be closed.

LAST VOTE SAME AS THE FIRST.

Republican Senatorial Convention at
Webster City, Ia., Deadlocked.

Webster City, Ia., Aug. 17.—The Thirty-seventh district Republican senatorial convention, in a hopeless deadlock, adjourned to meet again in Eagle Grove, Aug. 23.

The last vote stood exactly as did the first vote cast, each of the three counties in the district standing solidly by its own candidate, as follows: Chase, Hamilton county, 17; Ward, Hardin county, 19; Peterson, Wright county, 15.

A total of 3,698 votes have been cast during the four different sessions of the convention.

Fierce Fight Near Tangier.

Tangier, Aug. 17.—A fierce fight took place outside the gate of the city between followers of Raisuli, the pretender, and Anjora tribesmen. The noise of the fusillade caused a panic and shops were closed. The new pasha, El Ghazi, with regular troops attacked the combatants and drove them away, killing, wounding or making prisoners of several of them.

English Emigrants for Canada.

London, Aug. 17.—Brigadier General Howell and Colonel Lamb of the Salvation Army have left England for Canada, having completed arrangements for the settlement of between 20,000 and 25,000 emigrants in the Dominion within a year. A fleet of ten or twelve steamers will be chartered for their transportation.

Earthquake at Kingston.

Kingston, Island of St. Vincent, Aug. 17.—An earthquake was experienced here the night of Aug. 14 and several shocks and tremors were felt on the island of St. Lucia. The continuous nature of the earth tremors since the severe shock of last February, chiefly in St. Lucia, is causing considerable anxiety.

Bryan Going to Gibraltar.

Madrid, Aug. 17.—On his arrival here William J. Bryan was received by Vice Consul Maddin Summers in the absence of Minister William M. Collier. Mr. Bryan left Madrid at 7 o'clock in the evening for Cordova, from which place he will go to Grenada and Gibraltar.

Bubonic Plague in Brazil.

Rio de Janeiro, Aug. 17.—There has been an outbreak of bubonic plague at Campos, 140 miles northeast of this city.

Heard His Watch Tick

Mr. J. H. Brosius, of 336 Barrone St., New Orleans, a prominent manufacturer of that city, is one of the latest to report a remarkable experience with the new medicines extolled by L. T. Cooper whose work in various sections of the country has recently been exciting great interest.

Cooper's work with his medicines in New Orleans, where it is said he actually made the deaf hear in three minutes in a public demonstration, was brought to Mr. Brosius' attention and, so the story goes, he secured a quantity of the medicines and began their use. In a statement recently made by him for publication he said: "Prior to my using Mr. Cooper's preparations I had been deaf for fifteen years and could hear but very little. I could not hear the tick of my watch and was really much surprised when after using several bottles of the medicines I could hear it distinctly. I have since used the remedies for stomach trouble and indigestion with the most gratifying results. Their effect upon certain ailments is wonderful and cannot be commended too highly."

The preparations are known as Cooper's New Discovery and Quick Relief. They are well known in Brainerd and are sold in great quantities. They are handled by H. P. Dunn & Co., who are Cooper's authorized agents.

FREIGHT WRECK AT CEDAR LAKE

Trains Badly Delayed by a Couple Of Derailed Cars on No. 54 Last Night

HAD TO GET WRECKER OUT

No 13 did not Pass Brainerd Until Almost Seven O'Clock This Morning

No. 54 had bad luck last night and as a result all the trains were knocked out. The car next ahead of the caboose pulled out a draw bar when near Cedar lake and it fell on the track derailing that car and the caboose. The freight car was tipped off into the ditch by the crew but they were unable to do the same with the caboose and it was necessary to send to Staples for the wrecker. The wreck was cleared away about six o'clock this morning and the passenger went west about 6:45. No. 14 arrived about 9 o'clock with the mail and passengers. Harris was conductor on No. 54 and Conliff was engineer. No one was hurt.

THIS IS THE TEST.

The Testimony of Brainerd People Stands the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merit alone will stand the test of time.

Brainerd people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make a statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

R. D. Ansom, engineer, of 201 11th St. N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years ago was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn & Co's drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results."

THIRD ISSUE ON Fire Insurance Quality

Extract taken from the "Journal of Commerce and Commercial Bulletin"—New York, July 30, 1906.

The substantial old Franklin Fire Insurance company, of Philadelphia, in announcing to its agents its increase in capital stock to \$1,000,000, reference to which has already been made in these columns, states that the new stock of \$600,000 will be issued at 200 per cent, thus providing \$600,000 additional surplus. This move on the part of the Franklin was taken with a view to broadening its policy and extending its territory of operation, and the management also announces that hereafter a more aggressive policy will be pursued.

Manager Hollinshead, in setting the proposed change before the agents of the company, says: "This action will make the company larger and stronger than heretofore, and will enable it to meet the requirements of an exacting insuring public."

I represent this sound and conservative, as well as progressive Fire Insurance Company. Quality counts in Fire Insurance. The best is none too good.

THE ONLY MAN FROM TEXAS
A. Rathburn, of Aitkin, Said to be the Only Member of Texas Regiment Present
ENLISTED AT BROWNSVILLE
Served in Co. A. 1st Texas Volunteer Cavalry for Nearly Two Years
A. Rathburn, of Aitkin, was in city today on his way home from encampment. Mr. Rathburn claims distinction of being, so far as he knows, the only member of a Texas regiment to attend the encampment. Rathburn enlisted in Co. A, First Texas Volunteer Cavalry, on February 1864, and served 23 months being discharged early in 1867. He came to in 1866 and settled in Iowa, where he lived until six years ago, when he came to Aitkin county, where he has since resided.
Mr. Rathburn states that he found Texas headquarters at Minneapolis there was not a single man there who was enlisted in the Lone Star state. They were men who had served in northern regiments and who had moved south after the war. Mr. Rathburn is a candidate for county commissioner in his home district this fall.
Ten Years in Bed
For ten years I was confined to my bed with disease of my kidneys," writes A. Gray, J. P. of Oakville, Ind. "It is so severe that I could not move out of the time. I consulted the very best medical skill available, but could not get relief until Foley's Kidney Cure is recommended to me. It has been a godsend to me." H. P. Dunn & Co., eddw
Kills His Brother-in-Law.
Cincinnati, Aug. 17.—In a fight between James Matthews and Edward Hopkins, Brothers-in-law, at the latter's home at Bond Hill, a suburb of this city, Hopkins shot and instantly killed Matthews. Both men are well known in this city.

MRS. J. C. CONGDON WAS BADLY HURT
Thrown From Buggy Yesterday Afternoon and Arm and Nose Were Broken.
OCCURRED IN THE COUNTRY
Some Animal Jumped over Fence and Scared the Old Gray Horse.
Mrs. J. C. Congdon was dangerously hurt yesterday afternoon. She and Mrs. Nado, a sister of Mr. Congdon, were on their way home from a visit at the home of Herbert Hughey in Long Lake and were on the Oak street road just this side of the poor house corner, when some animal, thought to have been a wolf, jumped over the fence and scared the family horse. The usually docile animal became wild with fright and turning quickly upset the buggy. Mrs. Congdon and Mrs. Nado were both thrown out. The latter escaped injury, but Mrs. Congdon was very seriously injured. Her arm was broken and her nose fractured and her face badly bruised so that her eyes were swollen shut. It was thought last night that she had some ribs broken, but it is not so believed this morning. She was carried to the Bixby home near by and Dr. Camp summoned by telephone. He and her brother, Judd Wright, went out at once and Dr. Camp dressed her wounds. Judd and Ome Wright went out again this morning and brought her to her home in this city and she is resting easily.
Mr. Congdon was away at the encampment but was notified at once. The horse kicked itself free from the buggy, damaging it badly.

Farm, Home and Garden
Short, pointed statements of methods and results in Crow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.
There are some fine specimens of corn raised this year on the farm of C. A. James, of Merrifield, now on exhibition at the warehouse of J. C. Hessel. It plainly indicates that corn can be raised in this latitude if it is planted early enough.
One indication of the growing importance of the dairying interests of Crow Wing county; one firm in Brainerd put out over 50 farmers separators in Crow Wing county this season. This would be a good showing in any of the older settled communities of the states and show that the farmers of Crow Wing county are learning the importance of labor saving devices in the dairy and house as well as on the farm.
The Minnesota Farmers Institute annual advises the crate fattening of chickens for the market. The waste is much less in crate fattened chickens than those that merely "grow up." The price received will more than make up for the money and time expended. The same publication also gives perfect instructions as to the proper methods of packing for shipment. The matter is certainly well worth a trial.
The Crow Wing county farmers report first rate crops so far as heard from. Grass is especially abundant this year and is being harvested in pretty good shape. Corn is also said to be better this year than for several years.
American Farmer: Men who put over-check reins on their horses should themselves be compelled to wear a brace that would elevate their noses in the air at an angle of forty-five degrees. After they had stared up at the sun a few days they would probably be willing to allow their horses a chance to look straight to the front as nature intended.

CORD WOOD AFIRE
Ten Cord Pile on the Premises of Station Agent Mosier Caught Fire Last Night.
The fire department was called to the residence of Station Agent Mosier about 11:30 last night by a blaze in his wood pile. The wood was birch and dry as tinder, but how it could have caught is a mystery unless some one was sneaking around and lighted a cigarette and threw the match into the wood. There has been much pilfering in that part of town this spring and Mr. Mosier thinks some sneak thief may have got over bold and tried to smoke on his rounds. Mr. Mosier's refrigerator has been the objective point of several raids but he recently set a trap and one fellow went away with a sore head. Mr. Mosier rigged several hundred pounds of brick so that they would fall onto the head of any one trying to enter the shed, and the trap worked but the fellow got away before Mr. Mosier could get out to identify him.
Hay Fever and Summer Colds

CURE FOR HAY FEVER.
H. P. Dunn & Co. say Hyomei will give Relief—Sold Under a Guarantee.
The hay fever season is at hand and many people have already arranged to leave town so that they may avoid the sneezing, the watery eyes, and other annoying symptoms of this disagreeable summer disease.
H. P. Dunn & Co. wish us to announce that when Hyomei is used as a preventive or a cure there will be no hay fever. They advise daily treatment with Hyomei for a couple of weeks before the usual time for the appearance of the disease. If this is done, the attack will be prevented. However, if the treatment is not started soon enough and the disease makes its appearance use Hyomei six or seven times daily and relief will be had at once.
There is no stomach dosing when Hyomei is used. Breathe it through the neat pocket inhaler that comes in every outfit, so that the medication reaches the minutest air cells, killing all germs and soothing and healing the diseased membrane.
The complete outfit costs but \$1, extra bottles 50c. It is the only treatment for hay fever sold by H. P. Dunn & Co. with a guarantee to refund the money if it does not give satisfaction.

The Tarnal Tater Bug.
By SOLON I. GOODE.
You make prate about the troubles of the farmer on the farm,
Of the things that fret and worry most and do the greatest harm.
Is it when pigs get in the clover, or cows get in the corn,
Or when the old cow tears the fences down with her curly crumpled horn?
Not on your life, my darling boy, you can bet it's none of these;
Nor even when the frost steals in and nips the buds upon the trees.
But 'tis when the "spuds" are coming on, with promise of great yield,
And the tarnal old potato bugs swoop down upon the field.
They come in mighty phalanx now these bold minions of a night,
Like a devastating army comes in its wild, destructive blight.
Why, boll-weevil are not in it, and the cut-worms take back seats,
When you see that old potato bug and watch the way he eats.
He sneaks around to watch the ground till the spouts come peeping through,
And then he climbs down to the roots where he can hide from view,
Till he has eaten every spout; and then, as silently as dew,
He comes gliding from his hidden cave with smile and "How-do-do?"
His whole family all come with him—the "old woman," girls and boys;
They're quiet folks, they never sing, nor they never make a noise.
But my! you bet they're workers, though, with their tiny little jaws,
If the prize was up for eating, they would win the world's applause.
Their shiny backs remind you of the mandolin so sweet,
But when you see them masticate, there's no music in your feet.
Why, the farmer often bites his tongue, and wants to be a clam,
As he wishes bugs engulfed within the depths of Yuba Dam.
—American Farmer.

LYNCHED BY A MOB

SOUTH CAROLINA NEGRO SHOT
TO DEATH NEAR THE HOME
OF HIS VICTIM.

GOVERNOR PLEADS IN VAIN

APPEAL TO THE MOB TO LET THE
LAW TAKE ITS COURSE IS
NOT HEEDDED.

Columbia, S. C., Aug. 17.—Within the shadow of the home of his victim, Miss Jennie Brooks, after having been identified by her, and after Governor Heyward, who went to the scene of the trouble, had addressed the mob in vain, "Bob" Davis, the negro, who on Monday murderously attacked Miss Brooks with intent to commit assault and who afterwards outraged a negro girl, fourteen years old, was lynched at Greenwood about 7:30 o'clock p. m. Governor Heyward reached the scene shortly after the negro had been captured. A platform was erected in a fence corner on the premises of the

victim's father, from which Governor Heyward addressed the mob in an effort to prevent the lynching. The governor beseeched the mob not to lynch Davis, but in vain. At the conclusion of his speech the governor was vociferously cheered. The mob then rushed the prisoner from the governor and within a short distance of the home of his victim the negro was riddled with bullets, a negro woman firing the first shot. The negro was captured in a creek, tied hand and foot and brought to the home of his victim for identification. When they arrived at the gate of the Brooks home a great crowd gathered there. Four men were delegated to escort him to the house. The young lady, lying on her bed, with a deep gasp in her throat, turned her eyes toward the negro as he stood there between his captors, his hands tightly bound with a rope. "That's the scoundrel," she said. "I know him by his eyes." The negro was removed outside the house.

Made an Impassioned Appeal.

"Hear the governor," said someone. He began in his clear voice a most impassioned appeal. "I come here alone," he said, "not bringing any troops; only two newspaper men. But it is my duty to enforce the laws of South Carolina. I come to appeal to your manhood. The question is, shall the people be allowed to be ruled by their passions and prejudices, or shall the supremacy and the majesty of the law be upheld? I promise you on my honor that no

speedy a trial as the law allows shall be had. I would not object to cutting the rope to hang that scoundrel provided the law says so."

A few yards away stood the dazed prisoner and men stood close about him with rifles and shotguns in their hands.

The governor concluded by asking the mob to let the law take its course. Here the men came up to the stand and said:

"We appreciate what you say but we are not going to do it. We have stood this thing long enough."

Many shouted for the governor to go on, and he concluded his fruitless appeal to prevent the lynching.

Wer Soon Captured.

A dispatch from Missoula, Mont., states that two of the men engaged in the theft of a locomotive on the Toulouse division of the Northern Pacific Tuesday night, were captured last night, and that it is only a question of a few hours when the other two parties concerned, a man and a woman, will be apprehended.

Without doubt the guilty persons will be punished with severe sentences under the Gravelle law, which was passed by the Montana legislature about three years ago, when the dynamite outrages were occurring on the Northern Pacific, and under which one Gravelle was tried and convicted. Gravelle did his dynamiting in an attempt to blackmail the Northern Pacific out of \$20,000, which he demanded as price of his good behavior. Shortly after his conviction the man committed suicide.

The engine that was stolen Tuesday night was left on the main track, and it is no fault of the thieves that it was not run into by some passing train. One of the men captured has made a confession. He proved to be a watchman in the employ of the Northern Pacific.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Sold by druggists, 75c. Take Hall's Family Pills for constipation.
